Now offering FREE Implant Consultations

Dear Colleague,

I am pleased to offer a dedicated **dental implant referral service** for your patients requiring single or multiple tooth replacements. I provide **high quality implant treatment** in close collaboration with referring dentists, ensuring your patients are well cared for and that you remain fully informed throughout every stage of treatment.

All referred patients are returned to your care following completion of their implant treatment.

Implant Treatment Indications

Implant treatment may be suitable for patients who:

- Have **one or more missing teeth** seeking a fixed, long-term solution
- Have **sufficient bone** to support implants
- Desire **improved function and aesthetics** over removable options
- Are in **good general and oral health with stable periodontal condition**

Implant Treatment Contraindications

Implant treatment may not be appropriate for patients who:

- Have **uncontrolled diabetes** or **heavy smokers**
- Have **active periodontal disease** or poor oral hygiene
- Are **receiving bisphosphonate or radiotherapy** in the jaw area

Why Refer to Me

- **Extensive training** in Implant dentistry
- **Evidence-based treatment planning** and execution
- **Guided implant surgery** for better outcomes
- **Clear communication** with referring dentists
- Competitive and transparent pricing for your patients (**From £2800 implant & crown**)
- **Sedation** available

Referral Process

1. Complete a referral form (**available on our website or via email**)
2. Provide recent radiographs or CBCT scans if available
3. Joint case discussion for complex or full-arch cases
4. Progress updates sent at each stage of treatment

Thank you for your trust and collaboration. I look forward to working together to help patients achieve confident, functional smiles.
